ANNEXED TO AND FORMING PART OF THE BALANCE SHEET AS AT 31ST MARCH, 2024 AND PROFIT & LOSS ACCOUNT FOR THE YEAR ENDED ON THAT DATE

Company Overview ANCD OUT OF THE DARK ORGANIZATION ('the company') was incorporated on 16th August, 2022 with a object of running the educational institution under the Companies Act, 2013

1. Significant Accounting Policies

(a) Basis of Preparation of Financial Statements The financial statements are prepared in accordance with the generally accepted accounting principles (GAAP) in India under the historical cost convention on accrual basis. GAAP comprises mandatory accounting standards as prescribed under section 133 of Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the provisions of the act, to the extent notified. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

(b) Use of Estimates The preparation of financial statements requires the management to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to the contingent liabilities as at the date of the financial statements and reported amounts of income and expense during the year. Examples of such estimates include provision for income taxes and the useful lives of depreciable fixed assets. Future results could differ due to changes in these estimates and the difference between the actual result and the estimates are recognized in the period in which the results are known/materialize.

(c) Revenue Recognition Revenue is recognized on accrual/receipt basis for donations, subscriptions, membership contributions and other income.

(d) Fixed Assets There are no fixed assets

(e) Employee Retirement Benefits

- **Provident Fund:** The Provident Fund and Miscellaneous Provisions Act, 1952 is not applicable to the company.
- **Employee State Insurance:** The Employees State Insurance Act, 1948 is not applicable to the company.
- **Gratuity:** Gratuity is not applicable since none of the company's employee has completed the statutory period as provided in the act.

- **Leave Encashment:** Presently the company has not defined any policy for the payment of accumulate leaves at the end of the year, thus the provision of leave encashment is not made during the year.

(f) Income Taxes The current tax expense is recognized in the same period in which the income and expenses arise.

(g) Leases Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vests with the lessor, are recognized as operating lease. Lease rentals under operating lease are recognized in the statement of profit and loss on a straight-line basis.

(h) Impairment of Assets The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital. After impairment, depreciation/amortization is provided on the revised carrying amount of the asset over its remaining useful life.

(i) Provisions, Contingent Liabilities and Contingent Assets

- **Provision:** The Company creates a provision when there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of obligation.
- **Contingent Liabilities:** A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that probably will not require an outflow of resources or where a reliable estimate of the obligation cannot be made.
- **Contingent Assets:** Contingent assets are neither recorded nor disclosed in the financial statements.

(j) Cash and Cash Equivalents Cash and cash equivalents include cash in hand, demand deposits with banks, other short term highly liquid investments with original maturities of three months or less.

(k) Earnings Per Share Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity

shares outstanding during the year. The weighted average numbers of equity shares outstanding during the period are adjusted for events of bonus issue, share split or consolidation of shares. For calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. The dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date.

(I) Material Events Material events occurring after the balance sheet date are taken into cognizance.
